Bringing pets (dogs or cats) into Thailand

The procedures of bringing your pet(s) into Thailand for 6 months or more by air as one of a accompanied baggage are:

- Obtain an authorization to import your pet by air. This can be done at an International Airport in Bangkok.
- At the airport, you will need to:
  - obtain an authorization to bring transit animal(s) via Thailand (Ror 6 form), or
  - obtain a permission to bring animals into Thailand (Ror 7 form), and/or
  - fill in an application for special importation form (Kor Sor Kor 102).
- Please be advised that you may be required to pay fees for above applications, as well as import duties on your pet(s). Import duties are exempted if your pet will be in Thailand for 6 months or less. However, you will need to fill in a guarantee form and pay a deposit at the airport.

- **Other requirements:**
  - An Identity certificate signed in country of origin by a registered veterinarian, describing age, breed, sex, color, etc. of your pet.
  - The Rabies vaccination certificate- your pet must be vaccinated at least 15 days prior to departure.
  - Leptospirosis vaccination certificate- at least 21 days prior to departure.
  - Animal must be healthy and free from any sign of infectious or contagious disease.
  - Animal must be residing in Spain for no less than 6 months before the departure date.
